

## RZ65E Turbo Cleaner

RZ 65E Turbo Cleaner has been carefully formulated to quickly remove deposits on the surface of the turbo systems without the need to dismantle the turbo.

- Cleans and unblocks dirty turbocharger geometry without dismantling.
- Dissolves gum, lacquer, tar, carbon and varnish.
- Restores turbo power to its original activity.
- Regains optimal air- / fuel ratio.
- Harmless to exhaust gas after-treatment systems.
- Restores engine performance.

### Application:

- Gasoline and diesel engine turbo system.

### Usage direction:

Wash with professional equipment, operate by professional technicians and follow the equipment operating instructions for details.

Our high-performance additives for gasoline and diesel engines ensure noticeable improvements in the properties of the engine in fuel or in engine oil.

**Content:** 300 ml

**Content Carton:** 24 cans

### Typical characteristics

Property	Method	Unit	Value
Colour		-	
Odor		-	
Physical state		-	
Kinematic viscosity	ISO 3104/3105	g/ml	
Boiling point and boiling range		°C	
Flash point	DIN EN ISO 2592	°C	
Autoflammability		°C	
Relative density		g/ml	
Water solubility		-	

These parameters are typical of current production. The data does not include any assurance of properties or the guarantee of suitability for a special application. Existing statutory provisions and ordinances, which relate to the handling and use of the products, must be observed by the recipient of our products.
